Began as a Youth Leadership
Program and became a Gavel Club
for the 2017-2018 school year.

Youth Leadership Programs

Most Youth Leadership Programs are conducted in the fall rather than the Jan – May timeframe. The reason is that there are several factors that impact the schools ability to offer a consistent program (weather, holidays, spring break, sports, etc.) It has worked best to provide the programs in the first part of the school year which then allows the students to build on the skills learned for the rest of the school year. It is best to begin planning for the August/September start time in the March-May time frame. This ensures all is in place and the program can start early enough in the school year to ensure they are prepared for the contest in mid-November for the Youth Leadership Program Speech Contest.

All inquiries should be sent to Vicki Noethling, DTM, vnoethling@gmail.com. Be sure to plan on attending the TLI session in January at Loudermilk for an education session on the Youth Leadership Program.
